2 Chron. xxxi 21.

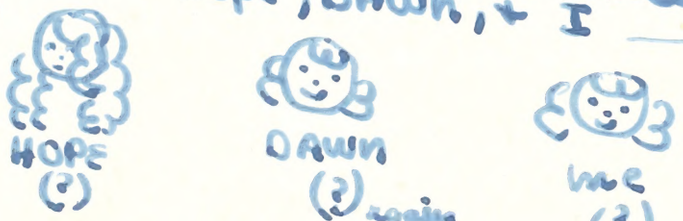
Hi Bill,

well here we are - me, my pen, and a full - empty - free - blank - piece of stuff they call paper! hmmmmmmmmmmm!!
Oh well. Here goes.

Just as you said the skating party (spills included), the dance, P.E. and just about everything else was real fun. I remember all the times after P.E. when you were stuck driving about ten (10) screaming - yelling - kids home. The trouble I had with your radio till I finally learned how to work the darn thing - but I finally did learn. didn't I?

I drove you guys nuts so many times I don't see how you could stand staying around.

Then when we went swimming - and you drove me home - then the time Hope - and you wouldn't go with you, Ray + Yeary. I guess you remember as well as I do huh?
We goes - HOPE, DAWN, + I —

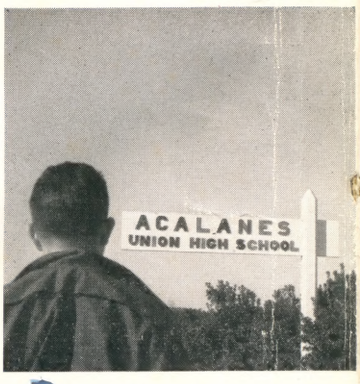


gave you guys a really rough time - but you guys didn't seem to mind to much - or did you.

With "CAZ" and summer coming up — There'll be lots doing — and that no lie. We'll have the neatest time ever.

GEE! I can hardly believe schools out — were off again

and I'm sure gonna make the most of it.



My hand is finally tiring - after 23 pages — plus the signatures + short notes — and I'll hafta stop —

But I want you to KNOW That I think your a terrific guy — one of the best — and I know you'll have a neat time no matter what you do.

The best of everything to a really Fabulous person in every way.

LOVE "ME"

foreword

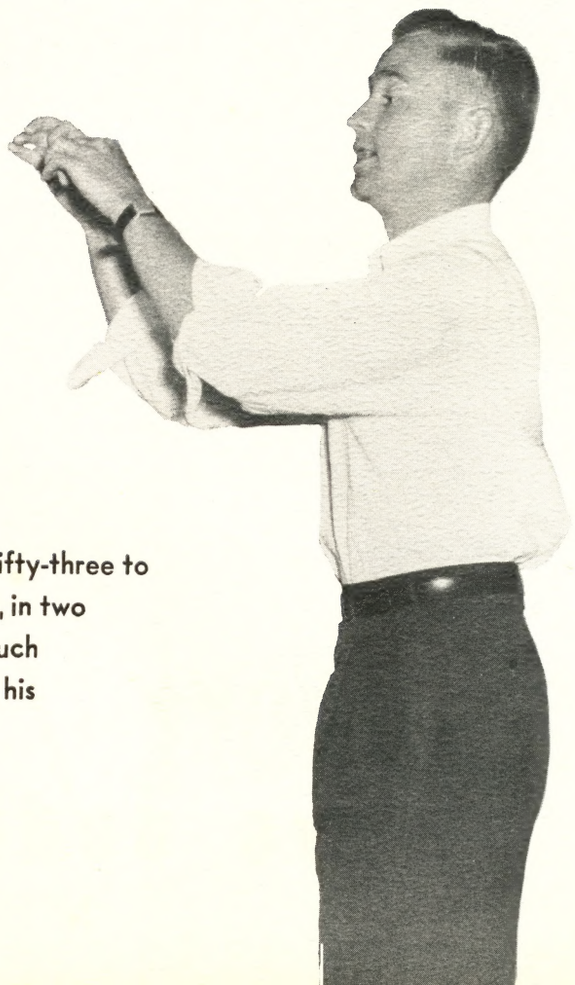
This book is called "The Year's Work." It is called that because of an idea. It's not new, but we think it is a good one for the AKLAN. Now read this, and let us explain it to you.

On the opposite page is a photograph of someone's head and the old school sign. The head represents a student, and the sign represents an opportunity. Let's call this head Frank. Now Frank is an average sort of person. This morning he's thinking about the assignments he didn't do last night, and he wonders what he's going to say about them. In the back of his mind is lurking the question, "why bother with all this?"

The opportunity is Acalanes, or college, or a summer trip, or a Saturday job, or a good friend, or a new acquaintance. A lazy afternoon in the sun can be an opportunity. Any opportunity plus enthusiasm, interest, a little humor and understanding, and the result . . . happiness.

This isn't a textbook, and we can't teach anything. What you learn from this book must be your own achievement. We want to present to you along with your yearbook an idea for happiness that has been tried and proved. As you look over the record of **your** year's work, keep our idea in mind. You'll find it on page one.

we dedicate



the AKLAN Nineteen Fifty-three to
Richard C. Hansen, who, in two
short years, has given much
to his school, his friends, his
community and his art.

This is an outstanding class. The rest of the students know it (they won't admit it), the faculty knows it (they admit it sometimes) and the seniors know it (they admit it all the time). Sparked by some sort of drive and enthusiasm that has been with them since September of 1949, this year's graduating Dons progressed happily through a barrage of tests, gown fittings, senior pictures and other items that transpire during the fourth year. The big question: Are we ready for college?

ACALANES 34—ALHAMBRA 13

In their initial outing in league play, Acalanes crushed the weak single wing attack of Alhambra in defeating the Bulldogs by a score of 34 to 13. The Dons rolled up an early lead in the first half and went on to win their first league game of the season. Jim Burns' kickoff runback of 80 yards and a Ferro pass to Roger Owen were two of the outstanding plays of the game.

ACALANES 20—ALBANY 6

In their second league game, the Dons were successful in defeating the Albany Cougars. With the help of two early fumbles, Acalanes scored two touchdowns in the first quarter and led 13-6 at half time. The Dons scored once more in the second half, making the final score 20-6.

ACALANES 32—JOHN SWETT 32

A spirited Acalanes team which was tabbed as the underdog, came from behind to tie the Indians in the last four minutes of the game. After trailing 19 to 6 at halftime, the Dons rallied to score once in the third quarter, and three more times in the last seconds of the fourth quarter to tie the Indians 32-32. Ray Williamson tallied four TD's to lead the scoring.

ACALANES 21—ANTIOCH 13

The Acalanes Dons scored early in the first quarter after the Panthers had fumbled on their first play from scrimmage. The Dons tallied two more TD's in the first half, one of them a thrilling 60 yard run after a fake kick. The Dons led 21 to 6 at halftime and although they went scoreless in the second half, held Antioch to one more TD, to beat the Panthers 21 to 13.

ACALANES 0—DIABLO 39

In the traditional "big game", Acalanes met one of the finest teams Contra Costa has ever seen. Sparked by their star fullback Bill Edelman, halfback Jack Terraberry, and a hard charging line, the Red Devils rolled up a 39 to 0 win. There wasn't much to say after this game except, "wait until next year."

ACALANES 14—PITTSBURG 46

In their last game of the season, the Dons lost to a highly rated Pittsburg eleven which was undefeated in league play. The Pirates scored the first time they got their hands on the ball, and three more times in the first half to lead 27 to 0 at halftime. After the Pirates kicked off to start the third quarter, the Dons climaxed a 69 yard drive as Ray Williamson scored from 33 yards out for the first Don score of the game. Pittsburg scored three more touchdowns before the Dons could score again. Sam Indelicato again split the uprights to make the final score 46-14.

The 1953 track team won only one dual meet this year. However, it picked up during the county and North Coast meets beating many teams that had defeated them earlier.
Outstanding among the members of the teams were middle distance men Ortland, Hull, Champion, and Jacox; sprinter Carlson; miler Sheaff, and hurdlers Burns and Carovano.
Acalanes has constantly come up with good field men and this year was no exception. Paced by Mike White, who qualified for the state meet in the high jump, were weight men Williamson, Hanawalt and Hart, high-jumper Twomey, and pole-vaulters Oslin and Lee.

golf

For the fourth straight time the Acalanes golf team took the Contra Costa County golf meet. In the county the members finished in this order: Dave Cranston, Denny Traynor, Ray Orr, Bob Crall, Ben Coombs. The Don linksmen had a successful year winning six and losing none. Under Coach Twining some good prospects for next year have been developed. They include Bob Wilks and Larry Collins.

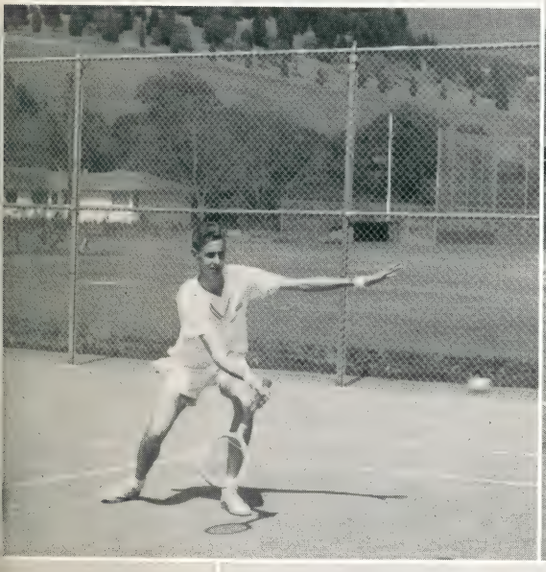
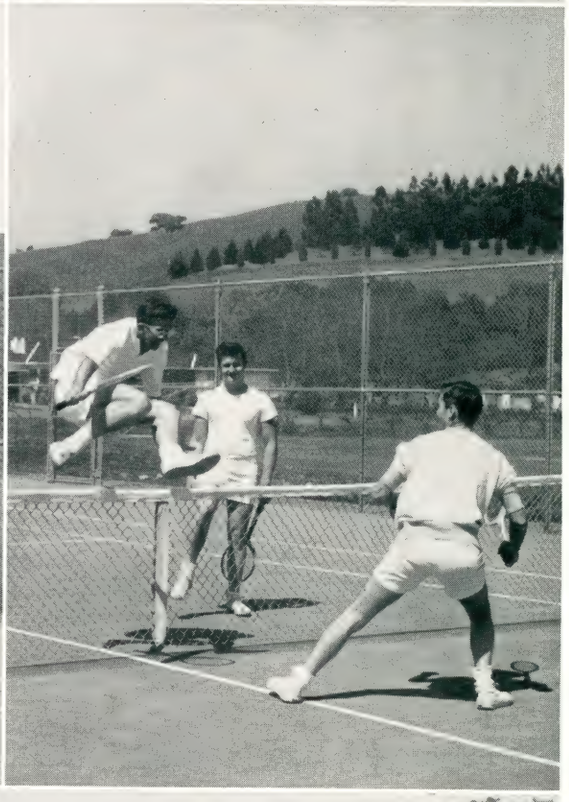
tennis





The Acalanes tennis team completed another successful season, having an overall record of 13 wins, three losses, and one tie, and going undefeated in league play. In the County Tennis Tournament, the Don's number one man, Les Wilmot, won the Contra Costa County singles championship while Jerry Gray and Don Rathjen copped the doubles title.
The top five men of this year's squad were Les Wilmot, Jerry Gray, Don Rathjen, Steve Graves, and Ed Neighbor.

The Junior Prom, 1953

junior prom

frosh frolic

With the help of Bob Nordquist's mounted animal standing majestically in the middle of the floor, some store decorations, Ted Beckett's truck loaded (several times) with leaves and greens, and some ingenuity, the freshman class presented "Indian Summer." Jack Tagg and six of his fellows were present to provide music for about 400 guests. Shown on this page are Diane Foster and Fang, Sandy Pamphilon and Don Weidlein, Mike White and Judy Johnson, Pat Nunley and Dave Bridges, and Helen Jarvis and Arthur Murray.

soph hop

The bids said "Coney Island," and so did the walls with the bright colors, the leering clown in the center, the freak show and the awning-covered refreshment booth. An interesting collection of faces here . . .

Below, left to right: Four Diablo friends and Donna Hayward.

Right: a wallflower, Billus Bedardus, commonly, Sweet William; N. Ryle, Don Reid, Jay Bloom, P. Smith, M. Davis, P. Courtright, H. Davidson, D. Pitkin.

junior extra

There are all kinds of Tramps: the well-dressed kind (LEFT), and the wild kind, and the garden variety (RIGHT). In that sequence, left to right: N. Edminster, S. Pedder, B. Simon, N. Lee, L. Geissler, L. Carovano, R. Wood, J. Hart, F. Cady, D. Issacs, C. Van Cleave, R. Williamson, L. Griffis, M. Brown, M. Davis, D. Bottomly, B. Herrick, B. Smith, L. Heche, B. Bedard, A. Ruff, C. Mauzy, J. Aguirre and S.F. date, B. Higgins, B. Jacuzzi, W. Adams, A. Clayton, T. Oss, J. Bloom.

senior ball

This year's Senior Ball, "Southern Fantasy," was held on the evening of May twenty-third at nine o'clock. Pictured here are Marianne Somers and Jim Burns, Ben Randall and Sharon Eggerts, Richard Lee and Sandy Pamphilon.

We had to wait a long time for this picture. Either our music isn't as peppy as it used to be, or maybe Mr. Free isn't. Maybe both. Anyway, both the gym and our book would be very incomplete without him.

SEARS Merchandise Testing And Development Laboratory

The Business Of Sears Merchandise Testing And Development Laboratory

During the course of a year, approximately 20,000 items are tested and evaluated in Sears laboratory. Typical of the procedures used by Sears technicians are the tests given Elgin outboard motors. In laboratory tanks and during river tests, in fresh and salt water, the performance of Elgin motors is carefully studied. Speeds are varied, load weights and positions are changed, and different size boats are used to thoroughly test the outboard motors.

Thorough testing leads the way

From trained technicians using precision equipment stem improvements for finer products. Your satisfaction is in mind in Sears huge laboratory

You're a senior; it doesn't seem that you have spent four years at Acalanes. Or you're a freshman and your first year has gone by too fast. But fast as it was, you are changed somewhat. Yes, richer you are in knowledge, not just the added knowledge of math or a foreign language, but in something you don't find in books—how to see a problem and how to know and work with the fellow next to you. Where does this most valuable of all knowledge come from? Not from math, or science, or language for they just supply the raw materials for this richness, but from the personal efforts of the faculty—individuals who spend half their lives to help you in yours.

Miss Pembroke has been faculty advisor to the AKLAN for twelve years. This is her last book. This page is hers.

BILL BEDARD

The people on this page are those who have given of their time and talents to make the AKLAN '53 the year's work. They all deserve the gratitude of any who reads this book.

THE PHOTOGRAPHS in this book were taken and produced by Ted Gurney. No one will ever know how many early morning hours were spent by Ted and Dot as they slaved over enlarger and developing tank to make good pictures perfect. The Q. Kid is mighty grateful. Ted and Dot have made a thousand new friends this year.

YEARBOOK STAFF MEMBERS are, as a rule, incompetent, forgetful maniacs. The AKLAN staff is no exception. A yearbook printer who deals with staff members should have a strong stomach, patience unlimited and plenty of understanding. Robert L. Ozias works for Lederer, Street and Zeus Company in Berkeley. It is a good thing for the AKLAN. Were it not for Bob, your yearbook would arrive possibly in time for a December Christmas present.

JIM ROBERTSON

This collection of paper, ink, string, glue and buckram cloth cost about five thousand dollars to produce. The managerial part of the staff raised and kept track of this sum. We started off our task with the sales campaign. A big cheer goes to Pete Sheaff along with thanks to the salesmen for bringing in three-fifths of our total income from sales. Thanks to you too, on the sales figure. After all, one-thousandth of it was yours. Next came the advertising campaign. Two thousand dollars had to come in from local merchants. The staff, led by advertising manager Don Rathjen, waded through two months of an advertising campaign and came out with two thousand dollars. I give him my thanks; you owe two-fifths of your book to Don and his advertising staff. The greatest appreciation, however, is due the merchants who bought the advertising. This book would not be if it were not for their support. Thank you, advertisers.
